Highlights of First Quarter 2025!

I-LAP-US Approved 501(c)(3) Status

In February 2025, I-LAP-US was officially approved as a public charity, exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code (IRC). With this designation, I-LAP-US is qualified to receive tax-deductible bequests, devises, transfers, and gifts.

I-LAP-US Head Office

“Unless the Lord builds the house, those who build it labor in vain.” — Psalm 127:1 (ESV)

We are grateful to the Almighty for providing the resources to establish a spacious head office located at 41 Hallsdale Drive, Louisville, KY 40220. The facility is equipped to host training workshops and conferences with a capacity of 30 to 35 participants. It also offers ample workspace for 6 to 8 staff members and volunteers to work collaboratively.

Commission All Nations

I-LAP-US has established a digital channel by the name of Commission All Nations (CAN.TV).

CAN-TV is an apologetics channel dedicated to fulfilling the Great Commission (Matthew 28:19-20) entrusted by Jesus Christ to all believers. Rooted in this divine mandate, CAN-TV seeks to extend the message of hope, redemption, and salvation to every individual, embracing the rich diversity of humanity while emphasizing the universal need for Christ's saving grace.

The channel actively engages with diverse faith groups, addressing religious misconceptions, promoting religious freedom, understanding of interfaith collaboration, peaceful coexistence and supporting the principles of the Abrahamic Accords. Through thought-provoking discussions, educational content, and spiritual guidance, CAN-TV promotes mutual understanding and works toward clearing fallacies and misapprehensions among people of different beliefs.

CAN-TV also underscores the critical responsibility of every Christian to share the Gospel with those who have yet to find the path to salvation. Tragically, many modern-day churches have lost sight of this foundational mission, often limiting their outreach to activities within their own walls. CAN-TV seeks to reignite the passion for evangelism by equipping believers with the knowledge and tools necessary to carry out the Great Commission, inspiring them to actively engage with the world and bring others into the light of Christ. This platform serves as a beacon of hope and truth, empowering Christians to rise above complacency and take meaningful steps toward fulfilling their God-given purpose of spreading the Gospel to all nations.

He encouraged everyone to live as witnesses of the Risen Lord by sharing the message of grace, peace, and reconciliation within their communities.

The gathering concluded with a moment of prayer, thanksgiving, and joyful fellowship, affirming the unity and mission of I-LAP-US.

“He is not here; He has risen, just as He said. Come and see the place where He lay.”

1. Interfaith Roundtable Dialogues: Intellectual Engagement on Life's Greatest Questions

I-LAP-US will host monthly Interfaith Roundtable Dialogues at its Louisville, KY office, bringing together faith leaders, clerics, and representatives from diverse religious beliefs. These gatherings aim to cultivate mutual respect, promote peacebuilding, and encourage collaborative solutions to shared societal concerns. Grounded in the principles of biblical love, truth, and justice, the roundtable will serve as a vital platform to champion religious freedom and peaceful coexistence.

This platform will also serve as a strategic avenue for advocacy, enabling meaningful engagement with relevant government officials and policymakers on behalf of persecuted religious minorities around the world. Through informed dialogue and well-documented cases, it will support lobbying efforts aimed at promoting religious freedom, protecting vulnerable communities, and influencing policy decisions that uphold human rights and dignity for all faith groups.

2. Intellectual Hour: A Platform for Wisdom, Dialogue, and Holistic Growth

Intellectual Hour, held monthly, offers a unique and spiritually grounded platform for individuals to engage with seasoned professionals, and subject matter experts from a variety of disciplines. In a world marked by complexities and uncertainties, this initiative provides timely insights and practical wisdom to help participants navigate the multifaceted challenges of life.

Guided by Proverbs 1:5 (NIV) “Let the wise listen and add to their learning, and let the discerning get guidance”, Intellectual Hour cultivates a space where attentive listening, critical thinking, and faith-informed guidance are central.

The purpose of Intellectual Hour is to foster intellectual clarity, informed discussion, and thoughtful reflection by inviting expert voices to address a wide range of topics that affect daily life, from government policy and economic shifts to societal trends and technological advancements.

Inspired also by James 1:5 (NIV) “If any of you lacks wisdom, you should ask God, who gives generously to all without finding fault, and it will be given to you,” this intervention nurtures a faith-centered pursuit of knowledge. It creates a safe and inclusive space where difficult or sensitive topics—especially those rarely addressed in traditional settings—can be explored through scripture, scholarship, and lived experience.

3. Preparatory Training for Missionaries Assigned to Three Target Mission Fields/Countries

Launch a one-year strategic missionary training program tailored for those preparing to serve in culturally sensitive countries such as Nigeria, Pakistan, and UAE. The training will holistically prepare missionaries for deployment to diverse cultural and religious contexts. The focus will be on equipping them with not only Biblical and theological grounding but also the socio-cultural, practical, and interpersonal tools necessary for meaningful, long-term impact.

Proposed Interventions for the first year-I-LAP-PAKISTAN

1- Virtual Training for Pastors and Laypersons in Pakistan

Empowering Grassroots Church Leaders through Accessible Theological Education

“So Christ himself gave the apostles, the prophets, the evangelists, the pastors and teachers, to equip his people for works of service, so that the body of Christ may be built up.”

— Ephesians 4:11-12 (NIV)

“Virtual Training for Pastors and Laymen” is a pioneering initiative aimed to empower pastors and lay leaders of small, indigenous churches in Pakistan in evangelism, discipleship, ethics, essential theological knowledge, practical ministry skills and leadership tools. Recognizing the educational limitations many of these leaders’ face, this initiative leverages virtual platforms to provide accessible, high-quality training across geographical boundaries. The program offers a comprehensive and biblically grounded curriculum designed to strengthen participants' understanding of scripture, enhance their pastoral capabilities, and empower them to foster spiritual and community development within their local congregations.

Needs:

- **Smart TV** for virtual training: the training will be held over Zoom with trainer based in the USA
- **Split AC** for providing a comfortable learning environment in harsh climatic conditions
- **Van** for transporting local pastors and lay leaders to the training center.

2- Empowering Christians Through Small Enterprise Development (Microfinancing)

Inspiration: Deuteronomy 8:18 (NIV) “You shall remember the Lord your God, for it is he who gives you power to get wealth, that he may confirm his covenant that he swore to your fathers, as it is this day.”

Christian male and female groups will be organized to foster collaboration, shared learning, and collective responsibility. Everyone who qualifies for microfinancing either to establish a new business or expand the existing businesses. This microfinancing facility will be tailored to the specific needs of the individual member, whether for purchasing equipment, securing supplies, or launching new business. The loan will provide the initial financial boost needed to kickstart economic activities. **The upper limit of each loan will \$ 550 and will be given at 18 % interest rate for three years.**

3. Youth Empowerment Through Skill Development

At present, 64% of Pakistan’s population is under 30 years of age, and this percentage is expected to rapidly rise in the coming years. A large number of these youth come from economically challenged families and face severe hardships due to a lack of proper education, career guidance, and skill-building opportunities. The absence of structured support often results in unemployment, drug addiction, depression, and petty crimes.

In response to this urgent need, I-LAP-US envisions establishing a Skill Center for underserved communities that provides practical and marketable training for both boys and girls. The Skill Center will offer counseling, mentorship, and hands-on training, empowering youth to become self-reliant, productive citizens, and earning members of their families.

I-LAP will initially launch the following two skill-based programs at the I-LAP Skill Center:
